Transnational Migration and the Politics of Identity.

Development, but at whose expense? As a result, processes of migrant transnationalism support significant forms of within these patterns. However, the experiences of Gujaratis and others like them in the U.

Transnational Migration and the Politics of Identity.

It also requires new policy responses. Even individuals who have barely left their home villages adopt values and beliefs from afar and belong to organizations that operate transnationally.

Transnational Migration and the Politics of Identity.

First, it moves the analysis beyond those who migrate to those who do not actually move but who are connected to migrants through the networks of social relations they sustain across borders. Rather than expecting full assimilation or full transnational connection as the ultimate goal, we expect some combination of the two. They send money back to India to open businesses or improve family homes and farms.

Creating a transnational identity

Levitt, Peggy and Nina Glick Schiller forthcoming 2004. Consequently, the interaction of religious practices and transnational migration and mobility culminates in a Christian movement called Nigerian Pentecostalism.

Transnational Migration and the Politics of Identity

I was able to spend the time it previously took me to get from home to my work on my data analysis and started an open coding process.

Transnational migration and the politics of identity by Thapan, Meenakshi

The strengths of the book can be found in the narratives and the variety of identity issues. Most migrants are occasional transnational activists.

Though the current situation is not in favour of planning a research trip, I am looking forward to collect further interview data in the church headquarters in Benin City, Nigeria.

Transnational Migration and the Politics of Identity.

This chapter introduces the present edited volume that brings together scholars from different disciplines to engage in a conversation about the issue of identity formation and transformation in contemporary multiethnic Europe. Berkeley and Los Angeles: University of California Press. The networking strategy of pentecostal initiatives involves social and religious practices that contribute to the claim of a transnational identity and have an impact on the transnational development of migration and mobility.

Transnational Migration and the Politics of Identity

Essays from India and France 2006. Second, a social field perspective reveals the difference between ways of being in a social field and ways of belonging.
