## Browse subject: Conservation of natural resources

California Desert District, United States.

## Natural Resource Conservation

Protect or restore habitat The LEED intent is to promote biodiversity and provide habitat by conserving existing natural areas and restore damaged areas. Source: LEEDUser — BuildingGreen, Inc.

## Tools and Resources to Protect Watersheds

Committee on Merchant Marine and Fisheries. The NRCS selected 18 indicators that could be measured using readily available data from the Agricultural Census, the Natural Resources Inventory, and the Conservation Tillage Information Center's Tillage Survey.

## Information for Planning and Consultation (IPAC)

Committee on Energy and Natural Resources.

## Tools

Recent legislative and regulatory changes present new opportunities to streamline the Section 4 f decision-making process.

## Conservation Practices

These best practices are designed to address the challenges to rehab at its development, construction, and occupancy stages. As much as 125,000 gallons of creosote residue were left on the bottom. The Office of Healthy Homes and Lead Hazard Control OHHLHC was established to eliminate lead-based paint hazards in America's privately-owned and low-income housing.

## Conservation Practice Standards

The actual device to describe and measure these limits was developed by Arthur Casagrande, mentioned earlier.

### **Conservation Practice Standards**

Modified the standard to provide clarity to some requirements.
