## Transportation Improvement Program (TIP) — Regional Planning Commission of Greater Birmingham

Changes made with this revision do not affect the air quality conformity finding or conflict with the financial constraint requirements. Below are project lists for each mode. Status Report on Ozone Electronic Item 4.

2020

Additional details on the TIP development process can be found in Electronic Item 3.

### Public Comment: Draft 2021

This dual office situation allows an employee to work remotely from the office while experiencing high quality network connectivity to workplace functions. Air Quality Funding Opportunities for Vehicles fundingvehicle 11.

### Transportation Improvement Program

The TIP must be approved by the MPO and the Governor and an air quality conformity determination must be made by the Federal Highway Administration FHWA and the Federal Transit Authority FTA with concurrence by the United States Environmental Protection Agency USEPA. As these items contain components sourced from outside the United States, federal Buy America provisions prevent the use of federal funds to buy these items. Background: This item was presented as information at the August RTC meeting and to the Surface Transportation Technical Committee in September.

## Transportation Improvement Program (TIP) — Regional Planning Commission of Greater Birmingham

The TIP is regulated under the United States Code 49 U. DCHC MPO held a public comment period and public hearing on the Draft STIP in March 2017 in order to receive input on potential changes and local projects to be included in the final version of the STIP.

## **2021**

Status on Extension of SH 360 and Chisolm Trail Parkway 5. North Texas Freight Terminal Electrification 2020 CFP, awarded based upon a proposal submitted in June 2018 which provides funding to award rebates for installation of EPA verified electrified parking spaces and related infrastructure including electric capable kits and power monitoring equipment at freight terminals and distribution centers that primarily receive heavy-duty trucks with Transport Refrigeration Units within the ten-county ozone nonattainment area. It then becomes, without modification, part of the Statewide Transportation Improvement Program STIP.

### **Transportation Improvement Program**

The Unified Planning Work Program UPWP represents the budget and work tasks necessary to accomplish and maintain the transportation planning process within the Tuscaloosa study area. STI also establishes the Strategic Mobility Formula to allocate available revenues based on data-driven scoring and local input.
