Cock Lane and Common

From a scientific standpoint, it is difficult to conclusively say what a subject sees in this trance, or even that the results will be the same with different subjects.

Crystal Ball Gazer

In presence of the clairvoyants the nobleman of whom we speak thought not of his own house, but of a room in the house of a friend. The art of crystal gazing is nothing more or less than training oneself to go into a trance or an hypnotic state. Now this uniformity, as far as regards the latter phenomena, may be explained by transmission of ideas, or by the uniformity of human nature, while the phenomena themselves may be mere inventions like other myths.
