## Imperial Japan [od4pyk25p64p]

The sharp rise in value—from 260 yen to the dollar in February 1985 to 237 yen to the dollar in September 1985 to 160 yen to the dollar in July 1986—eroded the international competitiveness of Japanese exporters. However, as word came back of difficult conditions in the North and with the 1965 normalization of , the popularity of repatriation to the North dropped sharply, though the trickle of returnees to the North continued as late as 1984. A pamphlet on Sanrizuka Tōsō, claiming for the closing of the airport, and calling for contributions from the public.

## **The Formation of Capitalism in East Asia**

But this has changed to an increase again from 1993 and reached a level of 52. These authors investigate historically how and to what extent one typical type of production and institutional arrangement can be transferred and diffused, and examine the varying ways differences in social and cultural elements are accommodated. This in turn affects corporate strategies, not only in seeking new ground for growth and profitability, but also to cope with the extra competition through mergers and acquisitions, and diversification of business activities.

## **Japanese Business Management: Restructuring for Low Growth and Globalisation (Sheffield Center for Japanese Studies Routledge)**
