AU BAK LING CHARITY TRUST  
Scholarship Scheme

**Background**

The Au Bak Ling Charity Trust ("Trust") has been established for the purpose of helping needy students to continue their studies in Hong Kong.

**Personal story of the Founder - "A Poor Boy Makes Good"**

The Founder of the Trust, Au Bak Ling, Lord of Geographia, is a typical self-made man. He was born into a very poor family, thus having to start working at the age of 8, and to leave the free school he attended. He had to work long hours in a coal shed, but still found time to go to night school to gain further knowledge. He strongly believed that poverty was just the way it was not fortune. It could not be changed by force, but could be changed by one's own efforts. He had to learn English to earn more money, and had a good command of both spoken and written English to enable him to learn everything by himself. In fact, he had to learn English from scratch, as he did not know any English when he started his first business. Thanks plus persistent self-enrichment efforts have indeed transformed him and changed his life completely. He has now become a successful businessman, and has established his business in many countries. Besides publishing industry by producing good textbooks to help educate Hong Kong students, he has also expanded his business to other countries, such as Australia, New Zealand, Japan, South Korea, Canada, U.K., and USA, dealing mainly in educational publishing, manufacturing, hospitality services, and tourism. He has also founded the "Au Bak Ling Foundation" to help the less fortunate people in Hong Kong. "Augustus (亞歷山大) - Wisdom, Courage & Persistence, Integrity & Honesty, Kindness & Generosity" is the motto of the Foundation.

He has also been active in voluntary work for decades, serving as President of the Hong Kong Association of Voluntary Services, and Vice-President of the Hong Kong Council of Voluntary Services. He served and devoted to become the largest youth services organization. However, he has not tired of his voluntary work, and has been working day and night necessarily for over 70 years. His tenacity and persistence story could inspire all readers to achieve their career goals through hard work and dedication.
