Winged Pharaoh

To conclude, this is an odd book from a rather odd Occultist, in which truth and error are equally mixed; much as they were in Hartmann's own colourful life. The spiritual depth of that ancient culture sheds light that can heal us in the challenging times in which we live. .

She remembered being a lively, determined girl. One does not read, but is transported by. You must recognize him as your enemy, and if he will not leave you when you bid him go, then you must call upon your friends to help you drive him again into exile.

Winged Pharaoh

A wonderfully detailed era in early history according to Joan Grant's past-life recall. I first read this novel during my teens, in the fifties, when dinosaurs roamed the earth. Of course, these are not miracles at all, but simply the intelligent employment of Nature's hidden forces.

Winged Pharaoh (1969 edition)

When Sekeeta demonstrates psychic abilities, she is sent to the temple and trained to recall past lives.
