Simone de Beauvoir on Death

She chose to believe that death gave life its meaning. Unfinished Projects: Decolonization and the Philosophy of Jean-Paul Sartre. In the first volume of de Beauvoir's memoirs, *Memoirs of a Dutiful Daughter*, written when she was in her forties, covered the first 23 years of her life.

Les Mandarins The Mandarins presents the euphoria of Liberation Day in Paris and the subsequent disillusionment of French intellectuals who had been temporarily convinced that the future was theirs to fashion as they saw fit, but who found themselves gradually dividing into factions as the glow of Resistance companionship and of victory over the Nazis dimmed. Several recent works have focused on precisely how common was implied or actual complicity within occupied France of many of the intellectuals who remained there. De Beauvoir was raised by a devoutly Catholic mother from Verdun and an agnostic father, a lawyer who enjoyed participating in amateur theatrical productions.
