## Parabellum MG 14/17

There is evidence from the military loads that some of the later scouts e.

## Short Cromarty

Ramsbury, Malborough, UK: The Crowood Press, 1999. The German strategic plan was to take advantage of the slowness of Russian mobilisation to commit the preponderance of German forces against France and to switch them to the Eastern Front once France was defeated.

## Royal Aircraft Factory N.E.1

The British Army lacked heavier guns comparable with the weapons used by the Germans and the French during the early period of the war. The attacking troops, the Brandenburg Grenadiers, then focussed on the St Ghislain Bridge but were repelled by the RWKs supported by 4 guns of 120 th Battery RFA positioned on the canal tow path.

## The Technology of World War I

Many historians think that Austria-Hungary already wanted a war with Serbia. The German navy informed the German army command shortly before the Battle of Mons that the British had not yet landed in France. This was the or Miracle of the Marne.

## Flying Guns World War I

The U-boats attacked passenger ships such as carrying civilians to Great Britain.

## Battle of Mons

Sopwith Camel: King of Combat. In front of the trenches, there was that cut anyone who tried to climb over it, and that blew up anyone who tried to cross.

### **A history of World War One in 10 deadly weapons**

The French First and Second Armies suffered severe reverses at the hands of the German Sixth and Seventh Armies on the far right of the French line.

### **World War I**

Other British cavalry regiments, the Scots Greys and 16th Lancers, engaged the German cavalry screen.
