They remove children from innocent parents and loving homes to receive federal funding and bonuses! Hofer and colleagues also studied the effect of separation on rats in adolescence and adulthood. See details for additional description.

**Vision and separation : between mother and baby : Wright, Kenneth, 1936**

This applies particularly to attachment needs and the effects of separating infants from their parents.

**Vision and separation : between mother and baby / Kenneth Wright**

This is one of the Best decisions I have ever made. Infants may develop attachments to other members of the family or carers, who can take mother's place for a while.
