and Democracy in Asia

In the throes of economic expansion, a society that has lost its traditional values and has no ideals of its own would be concerned only with making money - one great casino. He observes that the military will continue to play a dual role but this should be modified in such a way as to support the democratization process. Reports produced by individual governments are very often linked to specific policy objectives.

Varieties of Labor Politics in Northeast Asian Democracies: Political Institutions and Union Activism in Korea and Taiwan

This has been tied to various political and economic indicators, but it has also been argued to underpin economic and political friction.

Asian Americans' political preferences have flipped from red to blue

However, the individual cannot regard himself, or herself, as autonomous from his, or her, relations with other people.

Political Innovations for ICT Institutionalization in Benin Agricultural System

Many independent observers, for example, have found the State Department reports useful, but as governmental reports their neutrality is questionable because their findings would have implications for US foreign policy. It is thus difficult to identify the middle class in Indonesia, and this becomes more problematic when the concept is linked to democratization.

Asian politics has all to do with the Asian spirit, defined as a belief in authoritarian control, respect for bureaucracy and emphasis on the group at the expense of the individual. But generally, there was considerable convergence between East Asian and American replies on the relative importance of practices governing society.
