## Socialism in Africa and African Socialism

Case studies include Ghana, Guinea, Senegal, Mali, and Tanganyika.

## African socialism

The ideology of socialism is explicitly anti-imperial. It is an indisputable fact that comparing them with Europeans, taking man for man and acre for acre, the native produces from a smaller extent of ground, and with more primitive appliances, more than the Europeans. So why impose on black Africans an economic system which is alien to their culture? Infrastructural development really gave production and economic expansion a tremendous boost.
