Genital warts in women: Symptoms, causes, and treatment

Results: HPV DNA was detected more frequently in external genitalia samples 46.

Urological Cancer

A mix of surgery, radiation, and chemotherapy may be needed.

Urogenital Disorders

HPV detection was slightly improved by the addition of urethra samples, but the gain may not justify the discomfort of the procedure in large epidemiological studies. Kidney cancer was mostly nephroblastomas with 42.

Urogenital neoplasm

Purpose: To study the epidemiological and anatomopathological aspects of urological cancers in Burkina Faso from 1988 to 2018. From, Wednesday, 20 November, 2002, 18:12 GMT Cervical cancer vaccine success A vaccine to protect women from one of the biggest cancer killers could be available within five years. There are many urologic disorders and diseases.
