The world of the subconscious was never

denied and rejected but, on the contrary, accepted and transfigured in a harmonious process intended to re-establish autoconsciousness, the consciousness of an Ego which is not, of course, the individual ego but the Ego, that cosmic Consciousness from which everything derives and to which everything returns. But in India intellect was never dissociated from soul.

The theory and practice of the Mandala with special reference to the modern psychology of the subconscious (1970 edition)

At that moment there occurs, as I have said, the 'leap' into nirvana, which is beyond karma asamkrtta. He completed his studies at the University of Rome in 1919, where his studies were repeatedly interrupted as a result of World War I.

Is colouring mandalas just a hype or can it really help ground us in the present moment?

However, as he draws closer he becomes aware that there is no snake at all, only a rope—and his fear disappears. About the Book This intriguing, thought-provoking study by one of the world's leading authorities on the subject examines the basic doctrine behind the theory and practice of the Mandala in India and Tibet, by both Hindus and Buddhists. Therefore, turn away thy eyes from it, and have trust in that deep blue light of dazzling splendour.
