Studies had shown more alienation and distrust of government, and there appeared to be more organized attempts to protest the census. Ces données sont dérivées d'une sous-question sur la forme juridique de l'entreprise applicable à tous les travailleurs autonomes. Bien qu'elle puisse être très petite pour les groupes importants de population, on ne peut en ignorer les répercussions dans le cas des très petits sous-groupes de population situés dans une région ou une catégorie particulière.
