## Manuscripts.app

If they wanted to change them, they can do it easily. A sloppy manuscript pretty well defines the work as not publishable. This article was co-authored by.

## Manuscript

It should state the object of the study, describe the methods employed, and summarize results and primary conclusions. And if all else fails, follow as many of the basics as you can. They should be concise and organized.

## Manuscript Meaning

Periodically, I do a global search-and-replace to eliminate them. Imagine having to go through a 300 page manuscript, page by page, looking for these errors because the author ignored proper format etiquette.
