## Books I Have a Testimony Of

My published papers tend to emphasize the reliability of questionable evidence; I wrote a 60-page article about the Mountain Meadows Massacre assessing the reliability of various proofs relied upon by Juanita Brooks.

## Hill Cumorah

As I explain below, the only real consensus the intellectuals have reached is that the prophets and apostles are wrong about the New York Cumorah.

## 1560850884

The table is intended to clarify what others think so you can compare your own beliefs and make up your own mind.

## Conjectural Reading of the Book of Mormon

David Whitmer and Oliver Cowdery both said the plates were no longer in Cumorah. Even if we grant advanced metal weaponry, anyone who has ever hunted wild game will immediately comprehend the myriad compounding problems of such a massive endeavor.
