GUNTHER RALL: A MEMOIR, LUFTWAFFE ACE AND NATO GENERAL

The binding is straight and tight. Especially recommended for pilots and history buffs.

GUNTHER RALL: A MEMOIR, LUFTWAFFE ACE AND NATO GENERAL

It is also a fluid enough read that you don't get too bogged down.

Signed by: Gunther Rall - Gunther Rall: A Memoir Luftwaffe Ace and NATO General By Jill Amadio 448 pages Gunther Rall was the elite of the elite. A very good plus to near fine copy in a very good to very good plus jacket.

Günther Rall

The book is still quite interesting to read and held my attention throughout, especially the period of Rall learning to fly the F-104 during the Cold War. All in a dark green clored slipcase in fine cond.
