Re-sort using table headers below. Waiting for that day when it clears up Maybe I will be a bit better In the past, in the past There was someone who loved you for a long time But yet Wind gradually Blows the distance really far apart Not very easily Once again be able to love a day more But the end of the story it seems like you still said bye-bye Amazon.

## Juni 2011

Synthesis, Structures, and DFT Study of CuBr Based Coordination Polymers via in Situ Reduction of Copper II.

## Juni 2011

In situ ligand generation for novel Mn II and Ni II coordination polymers with disulfide ligand: Solvothermal syntheses, structures and magnetic properties. Three cyanide-bridged assemblies induced by positive ions: Hydrothermal syntheses, crystal and powder X-ray structures.
