I have named you, though you have not known me. No expiration date usually given! This is the divinely-inscribed Book. This is the Day wherein the divine Lote-Tree calleth aloud, saying: O people! This can in no wise be achieved except through the power of a skilled, an all-powerful, and inspired Physician.

But the present heavens and the earth being kept in store by the same Word, are being kept for fire until the day of judgment and destruction of ungodly men. Let them bring them out, and tell us what shall happen; let them reveal the former things, what they are, that we may look on them and know the final end of them; or declare to us things to come.

Al- Ghazáli has been acclaimed in both East and West, was a leader in Islam's encounter with Greek philosophy and brought orthodoxy and mysticism into closer contact.

### **Sefer ha**

Yúsuf'Alí's abundant interpretive notes, some of which I include herewith, set forth many of the ideas offered by Islamic scholars throughout the ages, and which may assist in illuminating the implications of the metaphors and similes of this verse which are found throughout the Bahá'í Writings. The world-wide recognition of this dangerous situation is resulting in an interesting development, which, for the first time, perhaps due to the dissemination of the Peace Statement, the principles of collective security enunciated by Bahá'u'lláh over one hundred years ago are being seriously attempted. The fig, the olive, Mount Sinai, and the sacred city of Mecca are mentioned together in association in xcvi:1-3 of the Qur'án where we shall consider the mystic meaning.
