The European Union attempted to respond to the challenge posed by what was now described as human trafficking, but respected the diversity of national policies towards prostitutes and the potential normalisation of prostitutes as sex workers.

Women's Rights in the 21st Century: Education and Politics

It is true that the level of exclusion is not the same in all countries and even within the same country, depending on cultural, educational or religious factors. The Supreme Court decision upholding the health care law, however, allowed states to opt out of the expansion, leaving coverage uncertain for nearly 17 million Americans—including at least 7 million women.

List of female scientists in the 21st century

Despite the admittedly positive effects, which feminist movements have led to, women did not gain all the rights that they were entitled to instantly — quite on the contrary, the fight for equity has been going on for centuries, and it still continues. Conclusion: The Battle Is Not Over Yet Despite years of fighting for female rights and gender equality, as well as the efforts of feminists all over the world, women still face gender discrimination when entering the domains of education and politics. May contain limited notes, underlining or highlighting that does affect the text.
