Philosophical distinctions are intensional distinctions with no deep ontological implications. If we put this question to the ordinary historian, he will answer it in the negative.

Robin George Collingwood (Stanford Encyclopedia of Philosophy)

Some have read Collingwood as anticipating the later Wittgenstein, others have concentrated exclusively on the internal coherence of his thought. This book outlines an idea of world politics as an activity of thinking and speaking about the conditions of world order.

Robin George Collingwood (Stanford Encyclopedia of Philosophy)

It may be argued that history is not knowledge at all, but only opinion, and unworthy of philosophical study. The only way in which the historian or any one else can judge, even tentatively, of its truth is by considering this relation ; and, in practice, what we mean by asking whether an historical statement is true is whether it can be justified by an appeal to the evidence: for a truth unable to be so justified is to the historian a thing of no interest.

Because the historical past, unlike the natural past, is a living past, kept alive by the act of historical thinking itself, the historical change from one way of thinking to another is not the death of the first, but its survival integrated in a new context involving the development and criticism of its own ideas. He was succeeded in the Waynflete Chair by Gilbert Ryle.
