## Program and Administrative Services (PA)

The meeting had an attendance of about 160 virologists.

## International Court of Justice

Studies of gender parity in meetings of national scientific societies repeatedly uncover bias in speaker selection, engendering underrepresentation of women among featured presenters. Societies are beginning to support translation of science communication research, connections between scientists and audiences, and the creation of opportunities for scientists to engage publics without extensive customization. An exception is the first dose of MMRV.

## Program and Administrative Services (PA)

Other General Programmatic Issues Programmatic challenges, evolving issues, and effective interventions related to adult and adolescent vaccination programs have been described by other advisory groups and expert groups. Impact of influenza on acute cardiopulmonary hospitalizations in pregnant women.

## annual international workshop: Topics by Science.gov

Agents are assumed to dislike behaviours that are extreme within their neighbourhood social extremeness aversion , and hence have a tendency to conform. The presenters are encouraged to prepare and bring with them handouts or any other materials for distribution, as the organizers will not be able to provide photocopying or computer services.

## Program and Administrative Services (PA)

Physicians should carefully weigh the risks for and benefits of providing injectable live vaccines to adult patients receiving low-dose therapies for chronic autoimmune disease.
