### Chiragh Hasan Hasrat: a natural humorist

Chiragh Hasan Hasrat began teaching at local schools in his native Kashmir and in 1920 joined a school at Shimla to teach Urdu and Persian. Statement Medical Group Management Association Publishers Medical Group Management Association Classifications LC Classifications 2009 The Physical Object Pagination xvi, 130 p.

### DAWN

Political chaos and anarchy threaten the very fabric of society and generate enough material for a discerning humorist. His humour drew upon current affairs but it is natural and his command over the Urdu language, his wit, metaphors and allusion made it a real treat for anybody who is well-read. He was born in Gujrat, and yet he called himself Lahori.

### Leading, coaching, and mentoring the team

This is perhaps one of the reasons why today he is not so popular, since most readers today are not acquainted with the finer points of literature. Hasrat came back to Poonch, Kashmir. Nahimana was the director of ORINFOR at the time and authorized the broadcast of this unverified tract.

### Chiragh Hasan Hasrat: a natural humorist

Dear Fawwad Zakariya Bhai: Assalaam Alaikum. Majeed Amjad feels the inexorable cruelty of time in his bones.

### harf

We focus in particular on the corporate law of Delaware, where more than 66 of Fortune 500 firms are incorporated. If the programme only provides for free treatment to 5,000 new hepatitis patients every year while the existing population already infected is estimated to be 15 million — most of whom are not as fortunate as civil servant Shahid in getting proper and affordable treatment — it is difficult to imagine Pakistan being able to bring down the prevalence rate or curtail the existing hepatitis infection rate in the near future.

### harf

He travelled to India in 1967 and gave an interview in Bombay which led to his losing job in Pakistan. Even amongst the lovers of Urdu poetry his name is least likely to be recognized. Unlike other common illnesses in the country like heart disease, diabetes, thalassaemia and cancer, hepatitis is a communicable disease which has been spreading quickly and widely because we have not taken the necessary precautions in time.

### **Majeed Amjad: The Poet Less Remembered**

At 'Zamindar' Hasrat wrote 'Afkar-o-hawadis', the famous column that Abdul Majeed Salik once wrote.
