## Simply Christian

In many ways, Simply Christian is an introduction to biblical theology with strong apologetic arguments along the way.

### Simply Christian: Why Christianity Makes Sense, Part 1 of 2 on Vimeo

The world of the ancient Celts—Northumbria, Wales, Cornwall, Brittany, Ireland, and Scotland—seems a million miles from modern-day Christianity. .

## Simply Christian

Now at last it has happened: the hidden springs have erupted, the concrete foundation has burst open, and life can never be the same again. Why do we crave spirituality? Why do we crave relationships? We are, after all, in charge of our own fate! Rebuking someone on the other side of the world while ignoring the same problems back home is very convenient, and it provides a deep but spurious sense of moral satisfaction. God is everywhere and everywhere is God.

## Simply Christian

People care, and care passionately, about the places where the world needs putting to rights. It was popular in the ancient Greek and Roman worlds of the first century, primarily through the philosophy of Stoicism, and after centuries in decline it has become increasingly popular in our own times. This resurgence of interest in a different kind of life to that which can be put into a test tube and measured has taken many different forms.

## Simply Christian

I found the book to be thought-provoking and helpful on many levels. But then comes a fresh surprise. Lewis' Mere Christianity, and it was difficult because of the voice and to some extent, the content, to tell one book from the other.

## Simply Christian

Think of Oscar Romero, shot by an assassin because he was speaking out on behalf of the poor in El Salvador. Those faith-systems which are rooted in the scriptures we call the Old Testament speak of human beings as made, irreducibly, for relationship: for relationship with one another within the human family and especially within the male-female complementarity ; for relationship with the rest of the created order; and for relationship, above all, with the Creator.

**Simply Christian: Why Christianity Makes Sense by N.T. Wright**

Each of these, I suggest, points beyond itself, though without in itself enabling us to deduce very much about the world except that it is a strange and exciting place. I really hate rating theology books. .
