### How To Build A Powerful Professional Network Early In Your Career

The Choctaw Nation Tribal Area has demonstrated how—through a combination of grants, loans, and donations—private industries can bring critical access to these underserved communities.

#### How to Build Your Network

You may not be exposed to groups of people in your daily life like when you were younger.

#### Build a support network

Identify a cause that is important to you and get involved; commit some of your time to a community organization or a local place of faith. However, because of broad socio-economic diversity in the district, equity of access was a challenge. Step Two: Find Your Niche Groups In addition to establishing your professional contacts in a new town, you might begin to frequent places connected to your personal interests, like a gym, coffee shop, or church.

#### 5 Tips for Building a Strong Support Network

Make a point to contact these people and ask how they are doing.

#### Manage stress: Strengthen your support network

Stay in touch through phone calls, texts, and emails; reciprocate invitations. In June 2014, the U.

#### Networks

Your support system should be just that, supportive. Department of Housing and Urban Development launched ConnectHome in 2015 to focus on bringing high-speed Internet to low-income communities so everyone can participate in our increasingly connected society.
