I quite enjoyed their characters throughout the story.

**Vangelis To the unknown man (Vinyl Records, LP, CD) on CDandLP**

He is transported to the city by the merchants who are driven by the appeal of his extravagant armor and two-handed sword. We dispatched the dragon that guarded Bashar Kavilor's treasure and, though such gitter means little to us now, we plundered his horde. Standing in his way is the unknown man, whose party continues to grow.

## **9781482305579: The Unknown Man: Volume 1 (The Keepers of the Orbs)**

Magic mouths and disembodied voices assail us at every turn, their messages too numerous to be set down here.

### **Walkthroughs**

Not only is he unknown to anyone in the world around him, he's unknown to himself. We were teleported to different locations and spun about unknowing, all at the whim of foul magic.
