Dictionary of Shakespeare

Compton 1988 reported that the former was claimed to be entirely collaborative, and that the latter was initiated by McCartney even though the song was written collaboratively.

(A) Data in the Life: Authorship Attribution in Lennon

The diatonic chords are the most common ones in popular songs, although non-diatonic chords are often added for variety and creating emotional tension. Kohnen points to earlier oral and ritualistic practices reflected in performative verbs outside secular discourse domains.

Calliphoridae

Frye gives extended accounts, moreover, of the various kinds of heroes peculiar to each mode, accounts which employ a host of examples as well as the character-type terms which he helped to popularize: alazon, miles gloriosus, eiron, and pharmakos—about which more later. Chan, Lois Mai, Phyllis A. In general, performance will vary depending on the statistical dissimilarity of the training and novel corpora.

John Benjamins Publishing

This chapter is a voice in the ongoing debate over the role of self and subjective interpretations and intentions in language change.
