### Tech Tips: Emphasizing Panel Lines

Then once it's dry, retape the edge and apply the second coat? The transfer paper I use is called APT and I buy it direct from America from a firm called Aircraft Hobby. Second is I like to paint the gunpla with airbrush acrylics.

### The Problem with Panel Line Shading

The trick is not to be in too much of a hurry and give the thing a good chance to dry out properly.

### **Painting and Lining**

These are dependent on the use to which our painting is to be put and the environment to which it will be exposed. If you usually use a PO Box address, you will need to supply an alternative address if you require shipping by courier.

### **Painting and lining**

I place my models under clear plastic propagator covers obtained from the garden centre, but anything suitable will do. This material is a fine, even polyester yarn which has been tightly woven, followed by heat treatment to shrink the canvas and lock the weave in place.
