Based on feedback from you, our users, we've made some improvements that make it easier than ever to read thousands of publications on our website. The Sprays do not use chemical insecticides or fungicides because as a certified organic farm their products must be pesticide free to retain their organic designation.

## 1 Crop and Livestock Farming in Ohio: The Spray Brothers

The facility ensures a quality product and provides savings in cleaning and handling, some marketable wheat and clover seed sales, and a usable by-product screenings for cattle feed. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
