In this paper, texture features are extracted using GLCM and Mean, Standard deviation, Kurtosis and Skewness.

Expat Dating in Germany

Accessibility is an integral feature for quality of any electronic service such as E-Government service Yesilada et al. It is possible to transfer the new coordinates with the help of the programs back into the Excel tables. The state space is often illustrated as a graph, in which One of the first applications developed in Smart Campus is nodes represent states, and edges represent operations.
