### 6 Skills Every Team Leader Should Master

Keeping these regular meetings brief instills attention and dedication. As a new Supervisor of the team, I did not want to insist them to come on time.

### Use These 8 Tips to Become a Successful Team Leader

You can create 5-minute surveys with multiple-choice and open-ended questions, and have your team members answer them. In a call center, this would be accessing the automated system to check individual representative metrics, such as speed of answer. Meaningful discussions and exchanging ideas during meetings lets you discover better insights and gather direct responses from your subordinates.

### Team Leader

Avoid choosing favorites, not only in team members but also in ideas or strategies.
