## Textile

Their dyeing properties were investigated, and noted in the subsequent published reports, which appeared during 1857. The garment will absorb perspiration much more readily.

## Dyeing Process

Google has not performed a legal analysis and makes no representation as to the accuracy of the date listed.

## Textile

Needlepoint lace is the most expensive and most difficult type of lace to make. These were not understood until the presence of carbazol was demonstrated by Graebe in 1880.

## Shazhou Textile Printing & Dyeing Imp.& Exp. Co., Ltd

In Russia, where in 1913 some ten firms, some foreign-owned, produced around 8,000 tons of dyes, and one-quarter of all imports arrived from Britain, there were severe shortages from 1914. The following sentences explain the differences among the various methods of making braided or plaited fabrics.

## Textile

High tonnage production of anthraquinones.

## Our Products

This method was worked out more perfectly afterwards on the Continent, and made a practical test for both buyer and seller; but at the time I am writing tar distillers were not sufficiently educated in such matters to use any but very simple tests.
