Alfred Jules Ayer (Stanford Encyclopedia of Philosophy)

The very strong view that we should only believe in that which can be empirically verified seems immune to verification. But there are striking similarities as well.

Philosophy A.J. Ayer's Language, Truth, Logic

Finally, good parents want their children to understand what conduces to their well-being, and what to their detriment. In neither case can one attempt to speak about ethics in any manner approaching a normative discipline, i. He lived assertively and was vain and cocksure — at some cost to his philosophical reputation, since other philosophers were as human in their judgements on him.

A.J. Ayer (Author of Language, Truth, and Logic)

The Goldilocks state of philosophy is to be precise enough to be saying something substantive but not so precise as to ride roughshod over the complexities and ambiguities of the real world. His ethics demands that human action be governed by moral laws.

Ethical language is meaningless Free Essay Example

They structure sensory input in a particular way.

Articles 1985

The social and behavioral sciences have citizenship rights in this polis, which entitle them to a voice in the forum.

Alfred Jules Ayer

If you can't prove something, it is literally senseless - so argues Ayer in this irreverent and electrifying book.

Deflationary Truth and the Liar

Hick, Swinburne and Davies combined produce very strong criticisms against the main predicates of verification, and the fact that Ayer has to even write a second edition proves that the argument is fundamentally flawed.

Essay on A.J. Ayer: The Elimination of Metaphysics

He liked society, was a man of many women, came to be self-judging, and after some sadness died bravely, on 27 June 1989. Ayer demanded that Tyson stop attempting to force himself on a not-then well-known model, Naomi Campbell.
