## On Community Relations in Northern Ireland

If there was a diplomatic mentalité determining DEA decision-making it was an inherent common sense, prudence and sagacious conservatism. In my time as a Minister I saw randomized control trials and policy pilots become more important and evaluations less so; design principles being adopted more widely in the approach to policy development Hilton, , p 44 ; a continuing desire to focus on what has been proved to work; with rapid changes in technology, foresight and scenario planning growing in importance; but above all, experience of implementation and delivery becoming a sought after skill.

## On Community Relations in Northern Ireland

Under the planned arrangements, Northern Ireland would, like the rest of the UK, leave the EU customs union, the basis for common tariffs on all goods entering the bloc. Reviews of interventions in any setting or context, including older populations with existing physical or mental health problems were of interest. When the country was partitioned, there were more manufacturing workers in the North, even though its population was

less than half that of the South.

### **The policy context in Northern Ireland**

The need for more interaction between development education and development cooperation is a significant recommendation. That suggests a strong future for online public services, but also highlights the risks of digital exclusion that public bodies need to recognise as they move contact channels online.
