## Native Americans Tools and Weapons during the Stone Age

They let the gods decide exactly where they should settle by floating a wooden chair across the water from one of the longboats: wherever the chair landed, the city should be. At the beginning of the twentieth century, humans were believed to be very recent post-glacial immigrants to the western hemisphere. On March 15, 1780, Smith recorded in his diary that he lost his tomahawk.

## Values of Indian Rock Tools

Tiny fragments of flint discovered at the Paleoindian site. Here, let us distinguish the basic difference between bills and billhooks for purposes of this article.

## Scarce Book

Clothing for women consisted of skirts and leggings, though the length, design, and material of the skirt varied from tribe to tribe.

## Paleo Crossing

Here, ruins of a Viking settlement are preserved in an underground exhibit.
