Modernism: Modernism & Postmodernism

The Magisterium becomes the conservative element of the dialectic, a principle of stasis. And so they audaciously charge the Church both with taking the wrong road from inability to distinguish the religious and moral sense of formulas from their surface meaning, and with clinging tenaciously and vainly to meaningless formulas whilst religion is allowed to go to ruin.

Papal Condemnations of Freemasonry

And Church reforms were necessary — because the Church in the way she operated was no longer relating to the people she is supposed to evangelize.

What did St. Pius X mean when he called Modernism synthesis of all

Thus he underlines that the problems that concern all can be solved only by all. Our imagination has disfigured Christ by exaggerations and imaginations. Hence the importance of Tradition, which is like a chain of successive teachings going back into the annals of time.

Abp. Viganò on St. Pius X's 'Oath Against Modernism', Its Abolition by Paul VI

It is therefore the right of philosophy and of science to form conclusions concerning the idea of God, to direct it in its evolution and to purify it of any extraneous elements which may become confused with it. To the Modernist, this prideful speculation is the source of dogma.

The Roots and Historical Consequences of Modernism

These were believers of genius, Christ being the greatest genius of all.

Pascendi Dominici Gregis (September 8, 1907)

The Oxford Dictionary of the Christian Church. There is no formal declaration, no extraordinary act, but it is certainly infallibly taught from the beginning of the Church until today. If nothing else perhaps to re-engage with different tactics.

Pascendi exposes Modernist tactics

They are connected to dogmas, however, by either historical or logical connection.
