Strategies to Improve Low

Once students complete the course, they move on to the next four-credit block, enabling them to earn the same amount of credit as they would under a traditional multi-class system. As a result, most efforts to enhance student success, though successful to some degree, have had more limited impact than they should or could. Interviews with African-American high school students who presented behavior challenges for staff revealed that they wanted their teachers to discover what their lives were like outside of school and that they wanted an opportunity to partake in the school's reward systems.
