## AP Constable Carries Tirumala Pilgrim On His Back, Walks 6 Kms Uphill

I am enjoying this book, but have also found trying to read in one sitting was not the approach. I have since found out that this was a very long-running series in Britain and even watched a clip or two.

### John Constable

He commented in a letter to Fisher in 1826: There are generally in the life of an artist perhaps one, two or three pictures, on which hang more than usual interest — this is mine. Dated 12 October 1821, the sketch in question H. Sets to 1 - Favouring the Constable! Published in: Leslie Parris, The Tate Gallery Constable Collection, London 1981.

### Constable's Notes

Rather the anecdotal nature is best appreciated one chapter at a time. Hill, is tormented with the unshakeable belief that her daughter would be alive today if the respondent the West Yorkshire police force had been more efficient.

### Working with the Last Constable

Refereeing arguments and finding missing animals are all in a days work.

Also, I have to take exception to the subtitle: Constable Nick Mystery 1 There is no mystery here other than how to move along some protestors without violence! These notes are intended to help you to understand the Bible better. All very gentle and far, far removed from the hurly burly of modern day city policing. The only consolation upon reaching the end is the fact that there are so many more to enjoy from the pen of this accomplished storyteller.

## **Nicholas Rhea**

Been a big fan of the television series Heartbeat I got stuck into this delightful book that has lots of twists and turns.

### **AP Constable Carries Tirumala Pilgrim On His Back, Walks 6 Kms Uphill**

While he wrote a lot of novels in different genres and under many pseudonyms, he is best known for the Constable series of detective mystery novels.

### **Muslim constable carries ill Hindu devotee to Tirumala hill**

First in a series, this book introduces Constable Nick Rhea and his wife, Mary, and their three young kids. And the chapters are too long and never ending. Altogether there were 37 books in the series so there will be plenty for fans to go at! The chapters are divided into subject matter pertaining to Nick's police duties the character and the author have the same name, hence the memoir idea.
