Instead, it skilfully foregrounds those same concerns through the creation of an alter ego for the narrator.

A Companion to the Twentieth

The protagonist or antagonist of the story is Madrid itself, and it's a story of sadness and hope all together, the great human ball of experience. Cela doesn't want to hide anything under a veil of respectability here, which obviously accounts for the difficulty he had getting the book past the Spanish censor it eventually had to be published in Buenos Aires. The result was that the military hardware supplied to Spain was outdated.

A Companion to the Twentieth

Tobacco, exiled from television, also put a quarter of its advertising on radio, but a further quarter on outdoor displays. In the second half of the nineteenth century, the Academia de la Historia Academy of History took on renewed importance, and the newly created Escuela Superior de la Diplomacia began teaching archaeology and numismatics. In some of the best-known works of post-war realist fiction, the war is the proverbial elephant in the room, conspicuous for its absence and yet inexorably present.
