## Military Resources: World War II

Frank Costigliola, France and the United States: The Cold Alliance Since World War II New York, Twayne, 1992 , 38-39. The US refused to provide any evidence.

## World War II Documents

The plan neglected the important area of construction of adequate troop housing and other facilities, but otherwise it was a succinct, coherent proposal based on realistic assumptions.

## Cold War: Summary, Combatants & Timeline

From the beginning, the Allies expected that the primary contribution of the United States would be its industrial capacity. A compilation of narratives from Brooklyn College students during World War II and the McCarthy era.

## WWII: Mobilization

The discussion of weapons effects centered on blast damage models; radiation and other effects were overlooked. Stalin considered various dates to schedule an attack. It had one-third more people than called for by the protective mobilization plan eight months after a declaration of war.
