## Top 10 most Creative Abstract Photographers in the World

Going to be an absolute hoot. His photographic techniques draw on early Daguerreotypes and on the work of E. His favourite artist is Giotto, but the most obvious artistic influences on his work are Surrealism particularly Max Ernst and Baroque art.

## 20 Dark Tips How to Shoot Shadow Photos

This photo is shown side by side of other artists, such as Peter Seaker, Berenice Abbott and Alfred Eisenstaedt.

## 30 Spectacular Abstract Effect Tutorials For Photoshop

Given the wide acceptance of collage and montage by Surrealist artists in Europe before World War II, it is not surprising that a later generation of European photographers has also turned to these means. In fact, many abstract images are created through intentional camera movement.

## Drawn

In other of his photographs, the shapes of shadows and the blurs caused by movement intimate a ghostly presence.
