## Rail Transport Contracts and Agreements (Department of Transport and Main Roads)

It wasn't up to the shipper. Lots of anecdotes in the Trainorders link.

### 8 Things You Never Knew About Cattle Transportation

Cows are more than just heifers or bulls.

### Does any railroad still transport livestock?

It is free to park at all lots, except for OST 1.

### On

Any wonder why I gave up that life for a nice little driving job, where I'm home every night! Yes, every 6-8 hours When lactating cows are transported they should be milked on their regular schedule. Cattle from Texas were to rail yards for transport to major feeders, processors, and packers.

### Why did the railroads stop cattle trains?

The cost of transport by rail includes: a Railway freight for wagon.
