## Federal Historic Preservation Laws, Regulations, and Orders

It gives us a tangible link with our history and an irreplaceable record which contributes in many ways to our understanding of both the present and the past.

### National of Historic Places (U.S. National Park Service)

South Cambridgeshire District Council's Conservation Advisory Group and Portfolio Holder considered and agreed the Appraisal report and the recommended changes to the Conservation Area on 26 April 2006.

### Historic areas and buildings · Bedford Borough Council

The predominately two-storey terrace houses built over 90 years ago showcase a variety of architectural styles ranging from Transitional to Art Deco. While it might not be more expensive to renovate old buildings instead of building new, the historic buildings are often smaller and therefore cannot accommodate as many businesses or people. The appraisal was reviewed in 2014.

### Contemporary Architecture in Historic Urban Environ (Article)

Located in Washington, DC, the Division provides a broad range of products and services, financial assistance and incentives, educational guidance, and technical information in support of this mission. The highest ranking colonial officers lived in them, and in later years, the rich local merchant class. It is bordered by the river Cam to the west and Trumpington Road to the east.

### Conservation area maps

It noted the connection between physical and social resilience.
