The agricultural production space valorization index, a synthetic measure of environmental quality, is at 55 points and is the lowest in the country  
Stuczyński et al.

## Publications

Vytautas Raudeliūnas, Romualdas Firkovičius. Summary The aim of the article is to make an attempt to show the importance of public consultation in the process of improving the way communes in Poland work. The equipment of agricultural holdings with fixed assets is an important factor in their competitiveness.
