## Turabian Home Page

Through eight decades and millions of copies, A Manual for Writers has helped generations shape their ideas into compelling research papers. The information does not usually identify you directly, it is meant to provide you with a more personalized web experience. This new edition continues as the gold standard for college and graduate students in virtually all academic disciplines.

This information may be about you, your preferences or your device, and is often used to make the site work as you expect it to. At the heart of Turabian is the idea that, no matter the format, the foundations of good research remain the same: to do it carefully, present it clearly and accurately, and follow academic standards for citation, style, and format. The ninth edition filters decades of expertise into modern standards.

## Thesis Writing Manual

An introduction to Chicago-style formatting and citation generation, the manual aids students in clear writing, citing, and research practice.

## Turabian Home Page

A Manual for Writers of Research Papers, Theses, and Dissertations, remains one of the most popular books for writers because of its timeless focus on achieving these goals. Click on the different category headings to learn more and change our default settings. Recognizing that most students will be doing their work largely or entirely online and on screens, this new edition builds information literacy by addressing digital forms of both research and writing.
