## Michael Heizer: outside and inside the white cube

Conceptualism is to question what the relationship between art and site is.

## Inside the White Cube: Notes on the Gallery Space, Part I

The Guugenheim museum in Bilbao is a piece of sculpture within itself. Early photography recognized the edge but removed its rhetoric, softened its absolutism and turned it into a zone rather than the strut it later became. The documentation is tricky, we cant be absolutely sure that he did it.

## At Play With Night and Day in the Desert

Some of these works are conscientious attempts on the part of artists to reclaim and rehabilitate land ruined by industry, such as the 1979 reclamation of strip mining sites on the part of Robert Morris. We will not charge your card but only use it to validate your bid.

## After Modernism with Jon Clarkson

I first encountered this quote as an epigraph for a James Lee Byars catalog

## Michael Heizer: outside and inside the white cube

A gallery is a place with a wall, which is covered with a wall of pictures. A comment has been made already, in an exhibition by William Anastasi at Dwan in New York in 1965. The ephemerality that is at the core of these projects is a reflection of a constantly changing natural world and fragile ecology.

## NuMu: Artists Respond to their Environment

Alongside fifteen other artists and collaborative teams, Benchoam and Kairé were invited to L. She brings waste and garbage back into discussion of normal life.
