## Naṣīb

It fell to their successors to provide such criteria and the theoretical justification for them. Al-Mutanabbi joined the court of Abu al-Misk Kafur, but the latter did not bestow the visiting poet as he expected.

## Um Harun

Via a transition, a second section the rahīl recounts a desert journey, thus affording the opportunity for descriptions of animals—especially the camel and horse as primary riding beasts—that are among the most famous and beloved within the entire tradition of Arabic poetry.

## The Sisterhood

Like the hunt poem discussed above, the ascetic poem as a distinct genre seems to have been the product of a particular era in the development of Islamic thought and its expression in literary form. Similar protests occurred across Egypt with hundreds of thousands in Alexandria, and an estimated 250,000 in Sinai and marking the largest mobilisation in the then eight-day-old protest. Women in the movement work side-by-side with men.

## Field Works

The second concern, that of particularity khuṣūsiyyah , is a telling reflection of the realization among writers and critics throughout the Arabic-speaking world that the region they inhabited was both vast and variegated with Europe to the north and west as a living example.

## Arabic

A particular topic of communal mourning is the fall of an entire city to enemy forces.

## Qasida

Deadly clashes broke out during the protests leading to the death of two protesters in Suez. Violence was reported to have been perpetrated by

police. An Egyptian Childhood and the second in 1932 Eng.

### **The Sisterhood**

Many prominent Arab authors spent large segments of their life in exile from their homelands for political reasons.
