

Training of specialists - the place of the postgraduate institutes

- - TSTU

Postgraduate Institute of Medicine of Sri Lanka

2. CURRENT STATUS OF THE PGIM

The PGIM is the only institute in Sri Lanka that is responsible for specialist training of Medical and Dental practitioners. It has been the responsibility of the PGIM to provide all the required specialist training in the field of medicine and dentistry and also to conduct postgraduate Faculties in related subjects. This task has been achieved successfully. The PGIM is affiliated to the University of Sri Jayewardenepura Kotte. The PGIM is a well known institution which enjoys recognition internationally and several of its training programmes have reciprocity with the leading medical schools in the world.

This PGIM currently conducts 90 programmes of study under the purview of 22 Board-of Studies and 35 Specialty Boards. The total numbers of trainees enrolled at the PGIM in 2012 were 642 of them were new enrolments.

3. THE VISION, MISSION, GOALS AND OBJECTIVES

Vision
To be an internationally recognized centre of distinction producing specialists and other professionals of high caliber to meet health needs of the country, region and contribute to world health.

To be an academically, financially and administratively independent institute working towards achieving university status.

Mission
To plan and develop, implement, monitor and evaluate postgraduate academic programmes required to produce specialists and other professionals of the highest quality, competence and dedication in order to provide optimal human healthcare to the people of Sri Lanka, the region and the world.

In discharging these responsibilities, the Institute will develop centres of excellence in different regions of the country, where relevant, capable and working environment would encourage and inspire teachers, trainees and the staff.

Goals

- To be friendly and administered by an independent institution
- Achieve commitment to high quality teaching, learning and research
- Extend and expand the activities of the institute in postgraduate medical education
- Optimize training to meet the health needs of the country
- Contribute to the health policy of the country
- To expand infrastructure to ensure quality and for accommodating the growing educational needs of the Institute.
