The Politics of Life Itself: Biomedicine, Power, and Subjectivity in the Twenty-First Century. Bateson does not claim to understand all the implications of this empiricist stance, his focus instead is on how to start asking the right questions about the mind and cognition. As part of these reforms, MHINC Mental Health Information National Collection was established in 2000 to monitor mental health data collection in the public sector, and introduced the Health of the Nation Outcome Scale HoNOS Wing et al, 1998 to NZ mental health services in 2002.
